Edu-Therapy™ Solutions Healing Your Heart

***Building Sustainable Mental Wellness
Through Integrated Treatment and Training
A Cognitive Behavioral Model of Grief Resolution***

Edu-Therapy™ in First Nations, Métis and Inuit Communities

Grief and possible traumas negatively effect our lives. Coming in waves, they have a cumulative effect that, if not acknowledged and treated, inhibits our ability to integrate in healthy ways and will continue to repeat themselves.

Physical reactions include:

- Numbness
- Separation
- Disengagement
- Hyperactivity
- Removal

Communities prepared with the *Edu-Therapy™ Process* are stronger and more resilient. We are all stakeholders of the collective grief and trauma experience. The *Edu-Therapy™ Process* creates a safe place to acknowledge, accept and integrate pain resolution processes – creating resiliency and long term healing.

EDU-THERAPY™ TRAINING PROGRAMS

- July 19 - 22.....Virtual Certification*
- Aug. 19 - 22 (In Person).....Saskatoon, SK
- Aug.23 - 26.....Virtual Certification*

**Must be able to commit to 4 full consecutive days of on line training*
